

# Creative Workshops

**G2 G3 G4 G7** – Years 9-13 and FE - Available in school/college, online, or at a UCA campus

“Our students have got a lot out of them creatively, mindfully and aspirationally. I now have a number of students seriously considering degrees in creative subjects who might not otherwise have thought about them.”

**Katie Green, Art and Photography teacher,  
Royal Harbour Academy**

Students have the opportunity to take part in a range of workshops covering different disciplines. Timings for these workshops are flexible, and they can be tailored to your timetable and curriculum. All materials are provided.

All workshops are delivered by our specialist Creative Workshop Tutors and Student Ambassadors, and where possible, include a Creative Careers talk. Creative Workshops give young people the opportunity to enhance their portfolio, develop creative thinking and skills, and explore disciplines in greater depth.

We offer a wide range of workshops exploring creative arts, business and technology, including:

- Acting and Performance
- Architecture and Interior Design
- Business, Advertising and Marketing
- Craft, Jewellery and 3D Design
- Fashion and Textiles
- Film and TV
- Fine Art
- Graphic Design and Illustration
- Photography
- STEAM
- Transferable Skills and Progression
