

# UNIVERSITY OF KENT SUCCEED PROGRAMME 2022

Apply by midnight, Sunday 23 January

# University of Kent

Are you in Year 12 or in Year 1 of level 3 studies at school or college? Are you beginning to think about what you might do when you leave compulsory education? Are you considering university but are not sure if it is right for you?

The University of Kent Succeed Programme is designed to help young people in Kent and Medway explore the opportunities and challenges offered by university, supported by a team of friendly and knowledgeable university staff and student ambassadors.

The programme combines information, exploration and experience to give you a broad view of university and will encourage you to decide what you might want to do when you finish your level 3 studies and whether university is the right path for you. This six-month programme will introduce you to different themes each month to take you through the key stages of deciding what your next steps should be. The Succeed Programme will also help you to grow in confidence by exploring your personal strengths and developing communication skills that will allow you to make confident and informed decisions about your future.

## What does the programme entail?

The programme consists of three online workshops, four Saturdays and one three night residential on the University of Kent Canterbury campus. The residential element of the programme allows you to have a practical experience of student life. It is structured as follows:
