FE College Baseline Survey 2022/23 - Introduction

KaMCOP (Kent and Medway Collaborative Outreach Programme) is a project that is funded to support the aspirations and attainment of people that may not otherwise consider going to university or higher education (HE – level 4 courses+). You can find out more about KaMCOP [here](#).

We are funded by a government organisation called the Office for students (OfS) and we are collecting data in this survey to help ensure that the work we do has a positive impact on students (you!).

The survey includes sections on your thoughts about education, university and your current plans for the future.

Privacy Notice

How we use and manage your data

We need to show that the work we do has a positive impact on the students that we work with by monitoring data for a prolonged period of time (around 15-20 years). In order to do this, we will ask you to provide information such as your name, college, sex, date of birth and post code. You will not be asked for any contact details, and therefore will never be contacted as a result of this survey.

We may share your data with educational agencies so that we can track the journey and destinations of the young people we work with.

You do not have to provide your details if you do not want to, but **we would be grateful if you could allow us to use this information so that we can continue to develop activities for students like you.**

Please read through the **full privacy notice** by following this link [KaMCOP FEC Survey Privacy Notice.pdf](#) if you would like more information, including agencies who may access your data and how your data will be used.

I confirm that I have been given the opportunity to read the privacy notice and understand how my personal data is used

I don't want to enter my personal data
